**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I just had price quotes from Spectrum and CenturyLink for copper (PRI) and Fiber. Centurylink fiber was 3 times as expensive at one location and 2 times at my other location. Spectrum Fiber 2 times as expensive. The copper was about 50% more expensive. I need to have local providers that will offer savings.

Our offices have seen a decrease in phone calls but a huge increase in email and internet related requirement from web conferencing to logistics website that require quick access.

Please do not limit access to competing phone and internet companies wholesale access to their copper-wire phone infrastructure.
